

## **Rejoining Students**

Rejoining students (those not enrolled in the immediately preceding semester, excluding the summer session) in Diliman should first secure written permission from the college where they were last enrolled before getting their University Admission Slip (UP Form 4) from the Office of the University Registrar. They then proceed to the University Health Service for a physical and medical examination before registering in their respective colleges. Rejoining students from units outside Diliman should apply directly to the UP Diliman unit concerned.
